

# Review of: "[Perspective] Hypochlorous Acid (HOCL): A Multifaceted and Promising Therapeutic Perspective Against Human Immunodeficiency Virus (HIV)"

Muhammad Amjad Chishti

**Potential competing interests:** No potential competing interests to declare.

Overall, the paper is good. The introduction section gives the worldwide prevalence of HIV. The figure is elaborated in a good manner. Were any clinical trials conducted on HOCL? Give any references. In the discussion, add references relevant to the present study.
