Potential competing interests: No potential competing interests to declare.

It can be a good title and good view in solving the problem in the world, by the way, they have some comments that can improve it for better citation:

1. The introduction section should include 7-10 latest journal references (2021-2024) and appropriate extracts from them to motivate the researchers in the subject. Use these manuscripts:

**Fang, E. F., Xie, C., Schenkel, J. A., Wu, C., Long, Q., Cui, H., ... & Woo, J. (2020). A research agenda for ageing in China in the 21st century: focusing on basic and translational research, long-term care, policy and social networks. *Ageing research reviews*, *64*, 101174.

** Liu, J., Chau, K. W., & Bao, Z. (2023). Multiscale spatial analysis of metro usage and its determinants for sustainable urban development in Shenzhen, China. *Tunnelling and Underground Space Technology*, *133*, 104912.

** Feng, Y., Hu, J., Afshan, S., Irfan, M., Hu, M., & Abbas, S. (2023). Bridging resource disparities for sustainable development: A comparative analysis of resource-rich and resource-scarce countries. *Resources Policy*, *85*, 103981.
