

# Review of: "Perceptions and Challenges of Online Group Work Among Emirati Female Undergraduates"

Dr Tayyiba Rashid<sup>1</sup>

<sup>1</sup> University of the Punjab

**Potential competing interests:** No potential competing interests to declare.

The research is based on a questionnaire survey. Correlation is found among the factors, and a T-test is done. As far as the level of research is concerned, it's quite basic. It's not worth publishing as a contribution to the body of knowledge. However, its impact is to find the factors affecting online group work that could be used for the betterment/improvement of the process.
