

Review of: "Phytochemical Analysis and Antioxidant Activity of Extracts from *Berchemia zeyheri* — A Swazi Medicinal Plant"

Windmi Kagambega

Potential competing interests: No potential competing interests to declare.

Overall, the work needs to be improved, as there are a few shortcomings.

The research question is not sufficiently clear. Give more explanation on the choice of plant.

Also, explain the choice of extracts.

It would also be interesting to quantify polyphenols;

if possible, carry out other antioxidant activity tests in addition to DPPH.
