# Breast Imaging Reporting and Data System

National Cancer Institute

## Source

National Cancer Institute. *Breast Imaging Reporting and Data System*. NCI Thesaurus. Code C38071.

The Breast Imaging Reporting and Data System (BI-RADS) Atlas is a quality assurance guide to standardize breast-imaging reporting and to facilitate outcome monitoring. The atlas contains a guide to standardized mammographic reporting, including a breast-imaging lexicon of terminology, a report organization and assessment structure and coding system.
