

# Review of: "Evaluation of Chemical Content and Phytochemical Composition of Yemeni Almond Cultivars"

Himshikha Sharma

Potential competing interests: No potential competing interests to declare.

1. Why were the studies carried out during the months of June and July?

2. The manuscript needs to be polished.

3. Although the manuscript is written well enough in English to be understood, the English language and style (grammar) must be carefully revised throughout the whole manuscript. Some typographical/grammatical issues need to be dealt with; for instance:

Sentence: "it high quality, so such The studies may contribute significantly " - remove "so such" from this line.

Sentence: "Minerals (Ca, Mg, Na, Al, Fe, Cu, Zn, Mn and Boron B)" should be "Minerals (Ca, Mg, Na, Al, Fe, Cu, Zn, Mn and B)".

Sentence: "then the extracts were filtered by Waterman paper No. 4" should be "then the extracts were filtered by Whatman paper No. 4"

Sentence: Total phenols were determined by folin-Ciocalteu reagent should be Total phenols were determined by folin-Ciocalteu reagent

4. Please bold all the "Figures and Tables."
