

Review of: "The Future of AI Chatbots in Higher Education"

Sanjay Mohapatra

Potential competing interests: No potential competing interests to declare.

The article has covered all perspectives. The quality is of the highest standard. It gives a total view of applications of AI chatbots in education, particularly in higher education. The only improvement comment will be to consider the stakeholders such as parents, recruiters from the campus, alumni, etc. The article can easily pass as a research paper as well as good teaching material.
