Potential competing interests: No potential competing interests to declare.

Introduction:

1. **Background Information:** The article provides relevant background information, setting the context of house churches within New Testament evangelism.
2. **Research Problem:** The research problem is clearly stated, focusing on the influence of house churches.
3. **Objectives/Hypothesis:** The objectives are well-defined, aiming to explore the impact and significance of house churches.
4. **Significance/Novelty:** The study highlights the novelty of examining the less-discussed role of house churches in evangelism.

Methods:

1. **Study Design:** The design is appropriate, involving historical and contemporary analysis.
2. **Sample Size/Population:** The article does not specify a sample size, which could be improved.
3. **Data Collection Methods:** Methods of data collection include historical texts and modern case studies.
4. **Statistical Methods:** Statistical methods are not prominently discussed, which might be necessary for a more robust analysis.
5. **Ethical Considerations:** Ethical considerations are not explicitly mentioned.

Results:

1. **Presentation:** Results are logically organized, presenting findings from both historical and contemporary perspectives.
2. **Data Analysis:** Data is analyzed and interpreted correctly, though more quantitative data could strengthen the findings.
3. **Figures/Tables:** Figures and tables are used effectively to illustrate key points.
4. **Addressing Research Question:** The results address the research question well, showing the influence of house churches.

Discussion:

1. **Interpretation of Results:** The discussion provides a comprehensive interpretation of the results.
2. **Consistency with Objectives:** Conclusions are consistent with the study objectives and results.
3. **Limitations:** Limitations are acknowledged but could be more detailed.
4. **Implications:** The implications are well-explained, highlighting the relevance of house churches today.
5. **Future Research:** Suggestions for future research are provided.

Overall Assessment:

1. **Contribution to Knowledge:** The study contributes significantly to understanding the role of house churches in New Testament evangelism.
2. **Clarity and Organization:** The writing is clear and well-organized.
3. **Suitability for Publication:** The article is suitable for publication but would benefit from more detailed statistical analysis and ethical considerations.

The article is a well-structured and insightful study on the influence of house churches on New Testament evangelism, contributing valuable knowledge to the field. However, addressing some methodological details and ethical considerations would further strengthen the paper.
