Review of: "Study of the Problems of Determining Public Opinion of the Israeli-Palestinian War in Social Networks"

Bijayalaxmi Panda

1. Which method was actually used to analyze the dataset of the Israeli-Palestinian war in your work?

2. Comparison of different work related to this paper is needed, but it is given only what is done in a particular paper.

3. How was the data collected, validation done or not, and what problems occurred during data collection?

4. What were the objectives and scope of the research? How do these findings describe the article?
